CITY FATHERS KILL VETO OF MAYOR

H. J. Palmer Urges Appointment of Electrical Inspector

TELEPHONE RATES

Corporation Attorney Garner Talks of Case Before State Corporation Commission to Boost Rates.

The veto of Mayor T. A. Fisher to the resolution increasing the salary of Fire Chief Kenneth W. Ogden, from $25 to $50 a month, passed at the last meeting of city council was defeated in the common council last night.

In his letter returning the matter without his approval the mayor among other things said that the chief is now furnished with a car, and that he does not have to devote his entire time to the work.

Councilman Desmond, Lawler and Ruben lauded the splendid work done by the chief and thought the increased salary only too small and afterward the vote overiding the veto was taken.

Petition of the trustees of the Alexandria Hospital to remit taxes amounting to $519.58 on square of ground purchased several years ago as a site for the new hospital was granted. The board of aldermen, however, non-concurred.

The salary of W. L. Craven, steward of offices, was increased to $1,000 a year.

Resolution authorizing the public property committee to erect two fish stalls in the country part of the city market to cost $700 or as much there of as may be necessary was adopted by a vote of 9 to 4.

Petition for sewer in alley in rear of 900 block Duke street, to take care of twelve houses, was referred to committee on streets and finance, and petition of T. J. Fannon for sewer to connect 1013 Duke street was referred to same committee. Petition of C. W. O'Meara to erect gasoline tank for Southern Auto Service Co., at Gibbon and Alfred streets, was referred to steet committee.

Resolution of Councilman McCaffrey to print 400 copies of the new license law referred to the finance committee.

Petition to resurface Cameron street between Columbus and Fayette streets, was referred to the joint committee on streets and finance.

Adverse report was made on petition of S. M. Baumgardner to remit part of city license tax and report adopted. Bill of Alexandria Gazette, for election notices of $95.75 ordered paid.

H. J. Palmer, engineer for the Southeastern Underwriters Association, appeared before council and made a short address on the need of the appointment of an inspector of electric wiring in this city.

Mr. Palmer stated that conditions here are extremely hazardous, and he thought it would be unwise to defer action any longer than absolutely necessary. Mr. Palmer told council that there is nothing more menacing than imporepr electrical wiring.

Corporation attorney H. Noel Garner addressed council on his visit to Richmond in the city's interest in the petition of the C. and P. Telephone Company to increase its rates, now before the state corporation commission. The company's side now is being heard, he said, and it probably will be after Thanksgiving before the people ar e heard. Mr. Garner stated that he had prepared a number of questions which he submitted to the attorneys of the telephone company in order to have the necessary data when he presents the case of Alexandria before the commission. The company has a voluminous mass of documentary testimony, he said.

Attorney Garner was questioned by members of council regarding selling certain property on which city taxes are owing for a number of years.

TWO SOLDIERS ASSASSINATED

Shot Down, it is Believed, by Members of The I. W. W.

SUSPECTS ARRESTED

Service Men Wreck Reds' Hall in Centralia, Wash., And Seize Arms And Ammunition.

Seattle, Wash., Nov. 12.—"Britt Smith, secretary of the Centralia local of the I. W. W., has been lynched. His body now hangs from the bridge."

The above message, received here early today, was the last word from Centralia, where a mob of several thousand citizens is searching for members of the I. W. W. It is bent on avenging the death of four Americans, veterans of the world war, who were shot down while marching in an A9rmistice Day Parade yesterday.

Four other soldiers, wounded when several men, believed to be members of the I. W. W., fired a volley at the marchers, are reported out of danger. The fifth, W. J. Earl, is not expected to survive the day.

Centralia, Wash., Nov. 12.—Three men were killed outright and a fourth was hanged by an angry mob when Industrial Workers of the World fired into a parade given by the people of this city yesterday in commemoration of Armistice Day.

Warren Grimm, lawyer; Ben Cassagranda, real estate dealer, and Arthur McElfresh were instantly killed. Dala Hubbard, one of the 6 men wounded, was reported last night as dying. The other wounded will recover. All the killed and wounded were overseas veterans.

Immediately after the shooting, a crowd of spectators and marchers seized a man they believed to be the ringleader of the I. W. W. They put a rope around his neck threw the rope over the cross arm of a telephone pole and started to haul him up. He was in the air only a brief period before the chief of police prevailed upon the crowd to let him down. Last night the man was in jail here nearly dead.

Centralia, Wash., Nov. 12.—Two former soldiers were killed and a number injured yesterday by snipers, said to have been Industrial Workers of the World, who fired on an armistice day parade marching proudly through the streets of the city.

The whole city was thrown into consternation, and the parade of veterans of the world war broke up quickly; while the uniformed marchers made a dash to raid the I. W. W. hall and round up all suspicious characters.

With the dash shown in going over the top in Europe, the service men soon stripped the hall of all furniture and documents and arrested six men. These, thrown in jail, were guarded by the former soldiers to prevent their escape and at the same time to protect them from lynching until their guilt could be established.

A mob seeking vengeance on the prisoners was fought back by the overseas men, who stood guard at the jail to see that officials made no effort to take the suspects away.

A quantity of arms and ammunition was seized when the mob ransacked the I. W. W. headquarters, near which the shooting occurred, trampled down the building front and threw into the street and burned all of the organization's literature and property which could be found. Posses scoured the timber camps and searched feverishly among the town's 8,000 inhabitants for other radicals.

The spirit of lynching filled the air and one man was taken from the police and preparations made to hang him, but he was rescued by officers before the rope could be applied.

Shots poured from the roofs of buildings as the parade neared Tower avenue, Centralia's main street, and Second ovenue. Arthur E. McElfresh fell dead and Warren O. Grimm, attorney and former University of Washington football star, suffered wounds of which he later died. Ben Cassagranda was severely wounded. All three were residents of Centralia. Four others who sustained less severe wounds were George Stevens and Dale Hubbard, of Centralia, and two men from Chehalis, Wash., whose last names were given as Friscus and Watt.

As the column swung around the corner of Tower avenue and second avenue the band struck up a patriotic march. Then bullets came into the ranks from an unseen enemy. Men fell to the pavement and tiny rivulets of blood showed the spectators what had taken place, the crack of the rifles of the assassins having been drowned by the blare of the band.

Tiny puffs of smoke from the roof of a nearby building indicated whence the bullets had come and the nearness of the I. W. W. hall led to the quick decision that the heroes who had weathered the sanguinary battlefields of Europe had been slain from ambush by radicals who opposed the American system of Government.

The marching soldiers did not linger to wait the order to fall out, but with seeming intention rushed into the nearby structure and sought their way to the roofs. The snipers had disappeared, but the service men sought highways and byways for all suspicious persons and then sent out pioneers into the timbered country around the city.

Wives, daughters and sweethearts of the paraders, after a momentary pause from the sudden terror of the situation, rushed to the aid of the fallen.

That the firing was intended for soldiers was shown by the fact that all the killed and injured were in the military section of the parade, which was made up partly of residents of Chehalis.

MINERS' STRIKE BROUGHT TO CLOSE

Judge Anderson Calls it an Act of Good Faith Effort

AWAITING NEXT STEP

Telegrams Sent to Representatives of Miners and Operators Inviting Them to Meet Him in Washington.

Indianapolis, Ind., Nov. 12.—United States District Judge A. B. Anderson at 10 o'clock yesterday morning approved the order of the officials of the United Mineworkers of America, rescinding the strike order of October 15. Attorneys for the miners promised to try to have it in the mails by 6 o'clock yesterday evening. This action was taken following a session of the general committee of the miners, which decided early yesterday to comply with the mandate of the court issued last Saturday.

Judge Anderson characterized the order as a "good faith effort" to comply with his mandate.

Thomas T. Brewester, chairman of the Operators' Association of the central competitive fields asked Acting President Lewis of the United Mine Workers to get the scale committees together Monday to negotiate a new wage agreement. The request was sent Lewis before Secretary Wilson invited the miners and operators to meet him Friday.

Labor leaders, who got their first word from Indianapolis through press dispatches, were distinctly surprised by the turn of events—the first big happening on Armistice Day. Frank Morrison, secretary of the American Federation of Labor, when told of the announcement by Acting President Lewis, of the miners' organization, refused to say anything.

Edgar Wallace, legislative representative of the miners, who had been waiting for hours to hear what happened, likewise was silent, and other officials at Federation headquarters declined to comment on the settlement

IN MEMORIAM

In sad but loving remembrance of our dear father, Richard Drowns, who departed this life six months ago today, November 12, 1919.

We are parting, one by one,
But God's will must be done, —
It is sweet to know we will meet again,
Where parting and sorrow cannot come.
One year has passed, our hearts still sore,
As times goes on, we miss you more,
Your memory is as fresh today,
As in the hour you passed away.
Though you're gone, you're not forgotten,
And your place can never be filled
Still I tried so hard to save you,
But you went, it was God's will.

In loving memory of my beloved husband and son, Linwood Kidwell, who departed this life one year ago today, November 12, 1918.

Our home was, oh so happy,
Our children were our pride,
How happy we would be
Were you only at our side.
I loved you dearly in life,
I love you in the grave,
God took you from me, Linwood
But it was He who gave.
By his devoted wife and children,

STRIKE ORDER REVOKED

Many years ago the late David B. Hill made a speech in Brooklyn. He announced his platform in the beginning of his address epigramatically—"I am a democrat." The soft coal miners were equally as laconic yesterday when they proclaimed to the world "We are Americans." These few words mean much. They are a rebuke to I. W. Ws. and other treasonable hordes who are not Americans in spirit or by birth, and show what we have always believed that there is a wide chasm between the great majority of workingmen in the United States and the undesirables who would ride strikes in their purpose to overturn our republican form of government.

The end of the strike came at an opportune time. It was Armistice Day, when a large percentage of Americans were celebrating the first anniversary of the capitulation of Germany. But while joy was in the air a drizzling rain was prevailing with every indications that within a few hours a decided drop in the temperature would be in evidence. The bins of many are low and a cold wave would have proved an unwelcome visitor while the miners' strike was on. The news of the revocation of the strike order was accompanied by a cheering announcement from the Weather Bureau to the effect that the frigid conditions in the west would cause no serious meteorological inconvenience in the eastern states. The blizzard was not intended for us. These dual blessings brought pleasantry everywhere.

The government, very properly immediately announced that officials are ready and anxious to confer with the miners, and their grievances will be investigated and relief afforded in every case where these workers under ground shall have been found to be victims of injustice in any particular.

The miners have shown their patriotism by placing their country first and their organization second. They have announced that they are not defiers of law and order.

An exchange this morning told the story in a picture. A map of the United States was exhibited upon which the words "United Mine Workers of America" had extended across the print. "United Mine Workers" had been marked out and the words "United States" substituted, making the legend read "United States of America." A mine stands by directing attention to the change.

PAR NOBILE FRATRUM

That Columbia is wide awake at last and means business is gratifying to many who have time over and again asked why such delay in deporting from our shores a certain element who have not come among us to enjoy the blessings of our form of government, but to do everything possible to bring about a reign of terror in our land. The authorities are now engaged in the good work of weeding such out. Nor are they confining themselves to the small fry among this class, but the House of Representatives has refused to seat Berger who has made himself offensive to to the government he has misrepresented. In a thoughtless moment voters in one of the Wisconsin districts elected this man to Congress. The vote for his exclusion was significant, but one member voting to seat him. Acting upon the principle of the Ephesians after their temple had been burned, we will not mention the name of this lone star, and trust we will be more successful than were the ancients in attempting to suppress the name of the incendiary.

As a contemporary says, "the only criticism the country will make of the action of the House of Representatives in the case of Victor L. Berger is that one vote was cast in his favor. On his own showing, in his speech of defense, he justified the verdict. If he escapes expulsion from the United States he may consider himself lucky. It is to be doubted if any of the 'Reds' arrested in the recent raids, and whom the Government is threatening with deportation, went any further, if as far, in organized hostility to the country as did Berger when we were facing a great national peril.

"Berger may have one just cause of complaint. He may have the right to contrast his treatment with that of Senator La Follette. Technically the latter may not have offended as directly against the law as Berger. But morally the Wisconsin Seantor was fully as guilty. That he still sits in the Senate while Berger is thrust out of the House may possibly be due to the fact that La Follette's vote was needed by his Republican associates."

INDIGNANT WORKMAN

A workingman, who signs his name, publishes the following in a Baltimore paper:

"The undersigned was one of many, if I may judge, indignant readers of Gompers' insolent and impudent statement to the American people. Such an antagonizing proclamation as he is credited with having authorized to be published is equivalent to a declaration of industrial and domestic civil war. It is plainly a question of how long the American people will stand the tyranny of labor agitators and support them to the detriment of their families and the population in general. It discredits the union.

"Now, as a labor man, let me state this. Up until the war unions were controlled by law-abiding peace loving citizens, who took pride in the dignity of their local organizations. Due to the requirements placed upon labor and closed shop agreements, hundreds of undesirables were, of necessity, enrolled in the many unions, and, before we were aware of it, our standards of workmanship and efficiency were lowered, our local unions thereby being discredited and the only true statement made as to the result of a man's working day before and after the war being below par.

"And, to add to the injury, these men now outvote us conservative members, introduce radical measures, which, when adopted, as they invariably are, due to their majority force us to follow their dictates. However, distasteful and against all reason; or break our word given when we joined the union. And the oath of these charter members is adhered to them.

"Such is the case they tell us of the coal miners.

"And may I inquire as to the truth of the following:

"Is the present Secretary of Labor Wilson the same Wilson who, in the coal strike of the early '90's, was a paid labor (union) agitator at $2-per day in the Frostburg (Md). region and allotted the miners 50 cents per day for their families' subsistence? And was he in jail in Western Maryland for his violence and radical actions?"

CORPORATE TRADE UNIONS

The trade union shall be compelled to come within the operations of the law, as all other corporate bodies are; and until this is done there can never be peace and stability in industry, nor constancy of work and wages for the worker.

Once responsibility and obligation are made compulsory by law what will result?

The union will be inspired and guided by the moral standards of the individual worker. The union will be a real democracy, and not the corporation described as an organization without a soul to damn or a body to kick. Responsibility will bring prudence if not wisdom. Leaders will be chosen with more discrimination; all contracts and bargains will be made with caution and the knowledge that once entered upon they must be lived up to; and strikes as cures of evils, if they come, will only come after deliberation and a weighing of consequences, and not as the result of impulse, whim, passion or the malice of the few.

Compulsory corporation of trade unions means no loss of rights, privileges or security to the collective body; it does mean an increase of dignity, standing and importance to the union and its membership; it does mean a steadying of the economicship a promise of enduring industrial peace and a better day for employer and employe.—Boot and Shoe Records.

U. S. TRADE GAINS 1,400 SHIPS

American Flag Now Carried to Every Country in the World.

New York, Nov 12.—More than 1,400 freighters flying the American flag have been added to the commercial shipping of the United States through resources created by the war in the year since the signing of the armistice. These ships are today carrying on trade with every country of the world, including Germany, Austria and Turkey.

The detailed monthly statement of the United States shipping board for November 1 shows that 1,320 new ships built and purchased during the war, are under allocation to American shipping firms. There also are 57 former German and 5 Austrian freighters now in American service, title to which is held by the shipping board. In addition there is the largest fleet of former German passenger liners undergoing reconditioning from army transport service preparatory to being put into American trade by American shipping concerns.

NABBED IN CAPITAL AS RED

Kune Declared to Have Spread Propaganda

Washington, Nov. 12. — Isadore Kune, a native of Poltava, Russia, was arrested here yesterday by agents of the Department of Justice on a deportation warrant and held on charges of advocating the overthrow of the government. Federal agents said a considerable amount of anarchistic literature, weapons and ammunition were found in Kune's home. His arrest was in connection with raids made on headquarters of radical aliens in many cities.

According to a statement by Attorney General Palmer, Kune, who, it is said, is a member of the central group of anarchists in Geneva, Switzerland, has been active in disseminating "red" propaganda and doctrines ever since he came to this country in 1909. Federal agents have traced his activities in Hartford, New Haven, Trenton, Chicago and Philadelphia, Mr. Palmer said.

Kune came to Washington in March 1917.

YOUTH'S BODIES FOUND

Perished From Exposure and Exhaustion in Small Open Boat

Atlantic City, Nov. 12.—Three days and nights of the search conducted for John Ledbetter and Raymond Izzard, the Winchester school boys who set out on a duck hunting expedition from Margate City last Friday morning, came to a gruesome close Monday morning, at 11 o'clock, a mile off Cape May City, when the bodies of the youths were found in the bottom of their boat, faces down, by citizens of Cape May, out on a fishing expedition. The bodies, divested of clothes, lay in water which had half filled their craft. Death was due to exposure and had come probably Friday night while they battled desperately to get their frail boat ashore through the terrific seas which have bombarded the coast for the past few days.

It is believed that the boys lost first one oar and then another in their efforts to reach land. Panic-stricken, they are believed to have disrobed and plunged into the sea in an effort to swim ashore with their boat. Becoming exhausted and numb in the icy water of the Atlantic, they apparently used the little strength left them to climb back into their craft, where they fell exhausted to miserably perish.

VOTE DELAYED

Ballot May be had Today on Amendment and Reservation

Because of the length of yesterday's debate on Article X of the league of nations covenant, the Senate did not take a vote, and this move was postponed until today.

The Walsh amendment was the subject of much criticism and support. Senator Johnson, California, inquired of Senator Walsh whether, if the irreconcilable opponents of the peace treaty voted for the amendment, the Democrats would then support the reservation as amended.

Senator Walsh is said to have admitted that the plan of the Democrats was to support his amendment and then cast their votes solidly against the reservation.

The Walsh amendment will have almost all the irreconcilables opposed to it.

Senator McCumber, on behalf of the mild reservation group, told Senator Hitchcock that if the Walsh amendment should be voted into the reservation, it would remain there and that their votes would be cast for the reservation, even if amended.

DEPORTATION HEARINGS

Department of Justice Agents Have Corraled 391 Undesirables

The number of Russian Reds captured in the raids of the Department of Justice agents on the Union of Russian Workers now total 391, while more arrests are imminent.

All but two of the 391 Reds are held in $10,000 bail for deportation action by the Commissioner of Immigration except the two leaders, Adolph Schnabel, secretary, and Peter Bianki, former secretary. Their bail has been raised from $2,500 to $15,000.

The total bail required for the 391 "Reds" amounts to $3,920,000.

Deportation hearings are held before the immigration inspectors in the various district where the captures were made. Hearings began today in Hartford, Conn.

Upon recommendation of the immigration inspectors, the Commissioner of Immigration will order deportation. The deportation proceedings are being conducted under the act of October 18, 1918 amending the immigration act.

PRESSMEN REFUSE TO WORK

Reverse Their Decision Reached Monday and Vote to Stay Out

New York, Nov. 12.—The printers' strike situation was more complicated than ever last night. New York pressmen's union No. 51, which had previously decided to reojin its international organization if permitted to do so in a body and then return to work, reversed its decision today and voted to stay on strike. Criticism by other "seceding pressmen" is believed to be responsible for the change of attitude.

Meanwhile hundreds of pressmen and feeders who reported for work were prevented from carrying on their trade because of the lack of compositors, who are on a "vacation." Compositors are said to hold the key to the situation and until they return to work little hope is held out for a full resumption of work in the larger shops of the city.

It was stated that 20 more shops resumed partial operation yesterday, making 130 operating in all, but a canvass of the plants showed little improvement over conditions Monday.

Charles Galion, Elwood Meley and George Crowe, representing Philadelphia pressmen, attended a meeting of local No. 51 and promised that the Philadelphia local would contribute $7,500 weekly if the local pressmen would fight employers to a finish. A letter also was read from the Chicago pressmen promising a weekly contribution of $5,000.

New Orleans, No. 12.—Approximately 15,000,000 pounds of sugar will be released for marketing with the unloading of steamers held here, some of them for a month, unable to discharge cargoes because of the longshoremen's strike.

The men went back to work Monday, having voted Saturday to call off the walkout which began October 10 pending action by the National Adjustment Commission on their wage demands. The proposition adopted by the men, however, reserved the right to vote on acceptance of the commission's award.

C., Nov. 12.—After the Davidson College faculty had declined to grant a petition signed by practically the whole student body, asking that a holiday be granted yesterday for celebration of Armistice Day, the students held a mass meeting Monday night and voted almost unanimously to remain off classes yesterday, according to reports received.

Watoga, W. Va.,—Mrs. S. W. Gladwell, of this town says: "When about 15 years of age, I suffered greatly. Sometimes would go a month or two, and I had terrible headache, backache, and bearing down pains, and would just drag and had no appetite. Then It would last two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three. I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others.

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years.

Begin taking Cardui today. It may be the very medicine you need.

MEN ORDERED BACK

Many Miners in West Virginia Are Expected to Resume Work This Morning

Charleston, W. Va., Nov. 12.—The 42,000 striking mine workers in District No. 17, which includes the greater part of West Virginia and a section of Eastern Kentucky, were ordered back to work by C. F. Keeney, district president, in telegrams received at district headquarters of the United Mine Workers here last night from Indianapolis.

The telegrams, which were received by Fred Mooney, district secretary, and W. M. Blizzard, president of Subdistrict No. 2, said: "Strike orders rescinded. Order men back to work."

More than a score of miners from outlying sections who were waiting at headquarters for the news immediately started out to notify the men. The order was relayed also by telephone to the various local presidents of the mine workers' unions.

Mr. Blizzard, who was in charge at union headquarters, notified D. C. Kennedy, secretary of the Kanawha Coal Operators' Association, that the miners would report for work in the Kanawha field this morning. Mr. Kennedy notified union leaders early yesterday that the operators in his association were ready to resume operations, as soon as the "men would report."

WILL ABANDON STRIKE

Workers at Clarksburg Plant Agree to Return

Clarksburg, W. Va., Nov. 12.—Following a mass meeting of employes and company representatives today at the local plant of the Weirton Steel Company, the company announced that the workers had agreed to abandon strike efforts and that the plant would resume operations yesterday. The resumption will be on the open shop basis. The plant, which normally employs 950 men was forced to curtail operations when the coal strike was called. On account of scarcity of fuel it was stated by the company that a supply of natural gas had been obtained which, with the stock of coal acquired, would insure operations for a considerable time.

ANOTHER ALEXANDRIA CASE

It Proves That There's A Way Out For Many Suffering Alexandria Folks.

Just another report of a case in Alexandria. Another typical case. Kidney ailments relieved in Alexandria with Doan's Kidney Pills.

N. W. Simpson, 1513 King street, Alexandria, says: "It was a good many years ago that I first had kidney trouble and I got so I could hardly get out of bed. The pain and misery I went through were terrible. My back was lame and so sore I could hardly touch it. It hurt me to bend over and I had terrible headaches. Some days I was so nervous I would shake like a leaf. The kidney secretions were in bad shape. Sometimes they were scanty and then I would have swelling of my feet. My feet would get twice their natural size and I couldn't get on my shoes. I was all worn out and didn't have the ambition to work. A friend told me about Doan's Kidney Pills and I got two boxes at Ashton's Drug Store and took them according to directions. They helped me so much I got three more boxes of Doan's and they entirely cured me. Since then I have worked every day and have been in fine health."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Simpson had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

WAS RESTLESS AT NIGHT

Coughs and colds are prevalent, and it is a serious mistake to neglect them, as dangerous sickness may develop from them. There is one safe and reliable family remedy for coughs, colds and croup. John Conroy, Oliver, Pa., writes: "My ailment was a bad cough for three years. Then I got a bad cold and could not sleep for coughing. I was restless at night, but I am all right now, thanks to Foley's Honey and Tar." It clears the throat of phlegm and mucous and coats the raw, inflamed surfaces with a healing, soothing medicine.

PAIR TAKE POISON

Married Man and Woman Attempt to End Lives Together in Philadelphia Hotel

Philadelphia, Nov. 12.—An infatuation, puzzling to police and friends of the persons concerned, led a man and a woman to take poison while together in the Rittenhouse Hotel, Chestnut and Twenty-second streets, yesterday.

Both the man and woman are married and had comfortable homes. The woman is mother of two attractive little daughters. The man is father of a boy and girl. Relatives and friends had heard of no developments in their domestic lives to give hint of such a denouement.

Statements made by the man and the woman to physicians, nurses and detectives are to the effect that for several days they had been planning to die together, and that their great regret is that they had not taken a quick acting poison.

In planning to carry out their compact, the man and woman decided to make no mystery of the case and carefully wrote their correct names and addresses on a sheet of paper which they pinned to a dresser in the hotel room.

From this the police learned that the man is Anthony J. Peters, a railroad clerk, living with his wife and family at 3418 Nrth Twentieth street. The police record gives Peters' age as 25, but friends say he is about 30.

The woman is Mrs. Orien R. Trist, 32 years old, who, until a few months ago, livd with her husband and his mother at 5105 Warrington avenue. In her case the police are searching for her five-year-old daughter, Jane, who accompanied her when she left her husband's home several weeks ago..

Peters and Mrs. Trist are in separate wards at the University Hospital.

DYNAMITE HOMES

Donora and Fayette City, Pa., Scenes of Explosions—Try to Wreck Railroad

Donora, Pa., Nov. 12.—Dynamite explosives badly damaged dwellings occupied by foreigners working in steel plants here early yesterday, when an attempt was made to blow up the tracks of the Pittsburgh and Lake Erie Railroad at the Webster end of the Donora-Webster bridge. Clues found by State troopers are expected to lead to the arrest of the dynamiters.

In Fayette City, Pa., four persons narrowly escaped death and Fayette City was recked a second time within a few hours, when a charge of dynamite virtually wrecked the residence of Michael Susik, here, at 3.30 A. M. today. The explosion followed by a few hours the explosion which wrecked the powder house at the Arnold No. 2 Mine of the Pittsburgh Coal Company. Police and detectives, seeking these dynamiters, are without a single clue.

Susik is a steel worker, employed at the plant of the Pittsburgh Steel Products Company, where a strike has been in progress for some time.

MOTHER SET FREE.

Mrs. Hannah Gotthold, Philadelphia, Acquitted of Killing Daughter.

Atlantic City, N. J., Nov. 12.—After being held out less than a half hour a jury in the case of Mrs. Hannah Gotthold, of Philadelphia, tried before Supreme Court Justice Charles Black at May's Landing yesterday on a charge of having murdered her 18-year daughter, Mildred, at the Hotel Calvert, South Virginia avenue, on August 2, brought in a verdict of not guilty shortly before 4 o'clock this afternoon.

The defense was insanity at the time the crime was committed and Judge Black instructed the jury not to bring a verdict of first degree murder.

Mrs. Gotthold received the verdict with considerable emotion, giving way to a flood of tears. She was led from the courtroom by friends and left for Philadelphia almost immediately afterwards.

INDIAN FATALLY SHOT

Attempted to Kill Crew at Shore Station—Home is in Michigan

Lewes, Del., Nev. 12.—But little hope is given for the life of Ambrose Dean, the Indian who attempted to kill the entire crew of the Lewes Life Saving station, and who was shot by Patrolman Clarence Rickards in self-defense.

Grilling by State officers of Jesse Thomas nad Joe White the two negroes who were with the Indian, has brought out the fact that all were drunk on hard cider. Dean, who has a record of wanting to kill as soon as he gets drunk, crept into the life saving station and broke a bottle over the head of Patrolman Quillen as he slept. The noise brought the others out and Dean rushed them. Rickards shot. Quillen was badly cut, but is recovering, but there is little hope for Dean. The young man, who is barely twenty-one, is a full-blooded Chocataw Indian. His home is in Michigan, where his parents own a large farm. So far it has been impossible to learn where they live and they have not been notified.

ELEVEN NEGROES TO DIE

Helena, Ark., Nov. 12.—Eleven negroes, convicted of first degree murder in connection with the race riots in Elaine, Ark., October 1, were sentenced to death yesterday. They will be electrocuted. The court room was heavily guarded against possible attacks while sentence was pronounced by Judge Jackson.

THEATRES

GRAND THEATRE

An artist to the finger tips, Jack Barrymore has played many roles on the screen, but until recently he has never played a crook. This characterization was reserved for his Paramount picture, "The Lost Bridegroom," which will be the attraction at the Grand Theatre tonight.

After falling off a dock upon which he elects to take an impromptu nap, Bertie—for that is the alias under which Barrymore travels in this film—stumbles into a saloon which is the headquarters for an assorted gang of thieves, hold-up experts and card sharps. See the finish. Also 15th Chapter "Elmo the Mighty."

RICHMOND—"Harry Morey"

Romantic love beckons men and women throughout their life, and does not necessarily dim and fade as the years pass, according to the story of "In Honor's Web," which has been translated into a strong picture by the Vitagraph. The film bearing that title, with Harry T. Morey as star, will be shown at the Richmond Theater tonight.

It is a picture that tells how romantic love came and affected the life of a man mature in years, whose existence for long had been submerged in the deep stream of business conquest.

INGOMAR—"Peggy Hyland"

Never in her successful career as a star has Peggy Hyland, the dainty film star, been cast to better advantage than in William Fox's screen presentation of the big New York stage success, "A Girl in Bohemia," which will be shown tonight at the Ingomar Theatre. As Winifred Bryce, the charming daughter of a college professor and aspiring to be a novelist, the charming little actress delights as well as impresses the audience with her unique and captivating personality.

An interesting story from start to finish, it affords Peggy Hyland and her strong supporting company a chance to offer an exceedingly pleasant evening's entertainmet, as well as to show up one of the popular fallacies of the time.

AWAITING THE MILENNIUM.

We have had about six months' war prohibition, when the war was practically over a year ago. How is it that the much-promised milennium hasn't come yet? Perhaps I am somewhat premature in my expectations. I may be reminded that January 16, 190, is the date set for the beginning of all earthly happiness.

Meanwhile discontent striker and murder and shortage of labor through emigration to foreign and free countries goes right on. On the other hand, thousands of workingmen have lost their jobs through the all-saving prohibition; innumerable industries have suffered financial losses and the people have no right to complain; so long as the country is dry everything is perfectly lovely. The jurists and "bone-drys" say so. Everybody is asked to believe it though nobody sees it.

Suppose we continue to clean out all the politicians that get their mandate from the Anti-Saloon League and self-appointed moralists, and bring this country back to the Constitution of only 17 amendments. And if another is added pertaining to the personal habits, meat and drink and the like, each and every voter in the United States shall have the privilege to go to the ballotbox and say what he wants, and how many of his personal and original rights he is willing to sacrifice just to please the whims and fancies of his neighbor. CUT IT IN HALF

Your family shoe bill for the year can be cut in half, and more. A good way to prove this is to keep account of how long a pair of shoes lasts after we have repaired them for you. If they last as long as, or longer than, the new pair, you can easily figure the savings. It's a big item, believe us!

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.

Remember This Is
Children's Book Week

And the national slogan is "More Books in the Home."

Fathers and mothers, if you have retained fresh and vivid memories of your own childhood days you can appreciate the delight with which a child steps into the wonderland of fairy tales of adventure stories, into the daily life of other children's games and sports as they are depicted in Camp Fire Girls and Boy Scout books, etc., etc.

Children really live with the story book characters even more than grown people do, and it is therefore all the more essential that you choose the right story book children for their companions.

You must have the right books to do this. Get them now and here.
